SOUTHERN SECTION OF CITY PLANS IMPROVEMENTS

Standard Lighting System and
Community Playground Are
Now Being Discussed

Problems of special interest to the southern section of Glendale and also those of general interest to the entire city were under discussion at the open forum meeting yesterday afternoon in the auditorium of the branch library building on South Brand boulevard of the Thursday Afternoon club, of which Mrs. E. V. Bacon is president.

The speakers for the occasion were C. D. Gulick, his subject being transportation and the establishment of a bus line, and L. W. Wilson, secretary of the San Fernando Road Improvement association.

At the business session of the club it was decided that on June 15 the members would go to the Southwest Museum for a picnic and also would be escorted through the museum by Mr. Comstock. A motion also carried sponsoring any activities of the kindergarten of the Cerritos Avenue school at the May Festival. The members of the club will be in charge of the grab bag booth at this celebration. Arrangements were also discussed regarding a food sale to be held Saturday, April 8, at Los Feliz and Brand boulevard by the club members.

Talks of P. E. War
Following the business meeting, Dr. Jessie Russell, chairman of the open forum meetings, introduced Mr. Gulick, who gave a synopsis of the activities of the Pacific Electric and also of the transportation problems facing the people of this city. He also told of how, in his opinion, the high rates now being charged are doing a great injury to the growth of Glendale.

Mr. Wilson was then introduced. He first outlined the necessity and advantages of the building of bridges across the river for the benefit of people who care to go to Griffith park, and suggested that a bridge at Park avenue be the first one to be erected. Mr. Wilson also explained the proposed establishment of a three-light standard lighting system for Los Feliz Road and San Fernando Road, as advocated by the association of which he is secretary. He encouraged the people to co-operate with the city council and the Chamber of Commerce in the development of the southern section of Glendale.

Another item of interest to the people of that part of the city as discussed by Mr. Wilson was of the people taking advantage of the Magnolia street school grounds as a playground or recreation center, should they not care to use it as a school ground. Street improvement was also taken up for discussion.

After the open forum meeting refreshments were served and a social half hour enjoyed.

Visitors From Chicago Are Being Entertained

Mr. and Mrs. R. D. Angelica of 712 North Maryland avenue, are entertaining Mr. and Mrs. M. Gall of Chicago. They returned the first of the week from a motor trip to San Francisco to find Mrs. Arthur Pesternick of Chicago had arrived here for a visit. Yesterday the party visited Buster Keaton at his Hollywood studio and last night they all enjoyed a musical comedy at a Los Angeles theatre. Other events are planned in honor of their visitors.

College Friends Guests at W. L. Jencks Home

Mr. and Mrs. W. L. Jencks of 409 North Maryland avenue entertained recently with a five-course dinner party for a group of college friends. The guests included Mr. and Mrs. J. D. Culbertson of Santa Paula, Mr. and Mrs. E. R. Milliken of Pasadena, Mr. and Mrs. Arthur Stewart of Alhambra, Mr. and Mrs. E. F. Vent of South Pasadena, and Dr. and Mrs. Roy Thomas of Los Angeles. Decorations of crabs and blossoms were used throughout the house.

Mr. and Mrs. Parker Back From Auto Trip

Mr. and Mrs. N. S. Parker of 411 West Myrtle have just returned from a most delightful motor trip to San Francisco. They thoroughly enjoyed the novelty of outdoor life, as they "lived in their trailer" and reaped the full benefit of the out-of-doors. They report the country a fairland of beauty, owing to the myriads of wild flowers which are now in full bloom.

W. C. T. U. MEETS FRIDAY

The regular meeting of the Glendale W. C. T. U., of which Mrs. Ruby J. Smart is president, will be held Friday afternoon, April 7, at 2 o'clock, in the parlors of the First Baptist church, Wilson avenue and Louise street. The state convention to be held in Glendale in May and other important matters will be taken up at that time.

Remain Calm, Folks, When You See Many Strange Sights Friday

Don't be alarmed or frightened tomorrow if you see on the streets of Glendale—
Hoboes.
Foreigners of all kinds and descriptions.
Country girls.
Dudes.
Dusky Africans.
Hula Hulas.
And many other strange characters.

No, the I. W. W.'s haven't hit town, nor is it a League of Nations convention.
It is the annual jinx day at the high school, one of the biggest celebrations of the year that the students and faculty enjoy. It is a gala occasion of unusual costumes and great hilarity.

Some of the features of the day will be a parade through town, snapshots, candy eating and gum chewing in school, distribution of soap and bath towels at the noon hour, and finally the baseball game between the seniors and the faculty.
It's going to be a great day—a large day—jinx day.

Does Noise Annoy? Nay! Noise Doesn't; Unless Noisy Noise

Members of the Progressive club and members of the Rotary club are luncheon today in the Citizens' building. They are luncheon together—and they are not. That is, they are at different tables, in different rooms and being served different menus—yet that makes no difference, for they are as one.

Huh? Well, you see, the walls and doors are not sound-proof and what is said and done by the Progressives is heard and undone by the Rotarians. Likewise, otherwise, the contrary, the reverse is true, if you grasp the thought.

The Rotarians started singing "America" at today's luncheon. The Progressives joined in. Plain that harmony prevails, what? Then, the Rotarians were served soup. The Progressives heard them eating it. So they ordered soup, too. And so goes through today's luncheon. The clubs are different—and yet they are not in some ways.

Last Tuesday the Chamber of Commerce directors and the Kiwanis club staged separate luncheons and the programs became tangled before adjournment.

If this thing keeps up a roof garden must be installed on the Citizens' building, say we, by heck!

LATER—As the mutual luncheon of the Progressives and the Rotarians is nearing the nuts—not the members, of course, but that part of the menu—a riot of laughter, song and sentiment is threatening. The clubs are becoming scrambled.

Eastside Association In Booster Meeting

The second luncheon of the newly organized welfare association of the east side was held at noon today in the White Inn. About fifty were present. C. W. Ingledue of 501 East Wilson avenue presided.

Petitions for the paving of Glendale avenue between San Fernando road and Lexington drive were submitted to the meeting. These are to be circulated for signatures by members of the organization.

The committee which has had charge of the preparation of the petitions consists of Harry G. MacBain, 628 East Broadway; C. F. Stuart, 628 East Broadway; Mrs. Mabel L. Todd, 130 South Glendale avenue; and Anthony Ambrosini, 723 East Broadway.

Reports of other committees were received and matters of general interest were discussed.

Mr. and Mrs. Gage Go On Philadelphia Trip

An enjoyable evening was spent Tuesday at the residence of Mr. and Mrs. W. H. Gage, Sr., 1223 Dorothy drive, when many friends called to bid farewell to Mr. and Mrs. W. H. Gage Jr., who were recently married. The young couple are now en route to Philadelphia where Mr. Gage is vice president of the Luce Company. On their way short visits will be made at the Grand Canyon, Colorado Springs, and Chicago.

Bradbury Twins Are Radio Concert Hosts

Bill and Bob Bradbury, twin sons of Mr. and Mrs. Robert North Bradbury, who are well known in the film world, have installed a radio-telephone set at their home, 804 East Acacia avenue, this week and already are entertaining their friends at the wireless concerts. They hope to have a magnavox as soon as they are available on the market. It is to be expected that the "Adventures of Bob and Bill" which are filmed each vacation, will have some radio exploits featured this coming season.

MRS. HUFF IN HOSPITAL

Mrs. Frank Huff of 811 Orange Grove avenue was operated upon this morning at the Glendale Sanitarium Hospital.

CITY AGAIN PLEADS FOR PERMIT TO RUN BUS LINE

L. A. Board of Utilities Is
Once More 'Considering'
Glendale's Application

Will Glendale get a bus permit today?

The regular meeting of the Los Angeles Board of Public Utilities is being attended by C. D. Gulick of 1237 South Central avenue, municipal bus expert, who laughingly stated before his departure from the city hall this morning that he wished to give this board "another opportunity to grant the permit."

The Pacific Electric's threat to give up the proposed tunnel project is discounted by Mr. Gulick.
"We understand fully that the railroad commission in its recent decision obligates the Pacific Electric to build a tunnel from its Hill street station to take care of the Hollywood situation and to relieve traffic congestion in Los Angeles and in the Hollywood district," he remarked in the brief filed by Glendale this week before the board of public utilities.

General Situation
"It may be possible that some of the cars running to Glendale will be diverted into the tunnel. It may be possible also that some difference in the running time between Glendale and Los Angeles may be affected. The proposed tunnel and other obligations assumed by the railway company, however, have to do with the relief of congestion in general and were not primarily intended for the relief of traffic conditions between Los Angeles and Glendale.

"The relief of traffic conditions upon Sixth street in the city of Los Angeles is undoubtedly desirable. The route of the proposed bus line, however, does not traverse Sixth street. The suggested route set forth in the application may be altered so as to traverse the least congested thoroughfares outside of the present congested district.

Benefit of Glendale
"Even if it were a known fact that the establishment of the proposed bus line would cause the abandonment of the construction of the tunnel, still we say the permit should be granted. We maintain that the Glendale line is for the benefit of the citizens of Glendale and that the abandonment is their concern. The (Continued on Page 3)

Glendale Shrine Club 'Stag' Party Enjoyed

Following the regular business meeting of the Glendale Shrine club last night, which was attended by more than 100 nobles residing in this vicinity, a "stag" party was enjoyed in which four professional numbers were introduced by President C. E. Neale.

Robert R. McKenzie, C. E. Jones, A. L. Baird and D. G. Crofton formed the quartet which led the singing of good old songs while the California nightingale warbled several popular selections. Everybody agreed a good time was had by all, even those who paid fines for not being dressed in the customary "tux and soup."

A buffet luncheon and smoker concluded the evening's entertainment.

Delphian Club Unit to Meet Next Thursday

The Glendale unit of the Delphian club, of which Mrs. Helen Sawyer is president, will hold the April meeting next Thursday morning at the home of Mrs. A. S. Chase of 400 Riverside Drive. For this month's study the attention of the members will be concerning the influence of ancient Egyptian upon present-day life. The month's work will close with an appropriate program at the Elbell club in Los Angeles, similar to the one given in March. The Glendale unit has more than the requisite number of members, and will soon consider the forming of a second unit.

Mrs. G. J. Lyons Has Friends at Luncheon

Mrs. G. J. Lyons of 259 Riverside Drive entertained as luncheon hostess yesterday. The guests included Mrs. T. I. Gifford and Miss Florence Gifford of Pasadena, Mrs. E. E. Oliver, Mrs. E. S. Patterson, Mrs. B. S. English and Mrs. M. C. Patterson. Table decorations were of pink sweet peas. This color scheme was also carried out in the place cards and spring blossoms, bouquets of the latter being used throughout the house.

Slicker Club Dance To Honor Graduates

The Slicker club of the Glendale High school will give its annual spring dance tomorrow night at the Women's clubhouse in Eagle Rock. This dance will be given in honor of the Glendale graduating class of 1922. The Slicker club, composed of eleven boys, is one of the most prominent social organizations of the school. Wilfred Cline is president, and Wilford Goertz is secretary and treasurer.

TOTAL OF PERMITS FOR CONSTRUCTION NOW \$147,300

Figures for Year Thus Far
Are \$1,602,610; Many New
Homes Are Under Way

More than \$15,675 has been added to the value of building permits issued this month already, bringing the amount to \$147,300 and the total for the year to \$1,602,610. Among the most recently issued permits are the following:

Harry A. LaGross, 8 room duplex, 328 Acacia Ave. \$	4,500
Henry E. Brockway, 5 rooms and garage, 221 Richmond St.	3,375
C. N. Erickson, 7 rooms, 1250 Lexington drive	4,400
J. F. Stanford, 5 rooms, 531 Milford St.	3,000
Hilmar Bruggeman, five rooms, 525 Porter St.	3,000
F. H. Vess, 4 rooms, 515 Lexington drive	2,500
J. H. Otey, 5 rooms, 1730 J. Luwatha drive	2,000
Mrs. L. S. Luang, addition, 1430 South Glendale Ave.	1,125
O. A. Wishart & Son, battery service station, 306 S. Glendale Ave.	1,000
Davis Glendale Company, sales stand, 1351 North San Fernando road	1,000
L. W. Hope, 2 rooms, 626 1/2 F. J. Hewlett, garage, 312 East Doran St.	800
E. J. Olson, garage, 619 N. Isabel street	600
T. S. Card, garage and addition, 370 West Patterson avenue	500
C. W. Flanders and A. F. Lord, garage, 604 West Stocker St.	500
A. L. Kneifer, addition, 424 West Milford St.	200
Carl L. Osborn, garage, 1122 Raymond St.	150

C. of C. Heads Hear Address on Business

V. M. Hollister, president of the Glendale Chamber of Commerce, accompanied by Secretaries James M. Rhoades and E. F. Sanders, attended the luncheon in Los Angeles yesterday of the Chamber there and heard Merle Thorpe, editor of Nation's Business, the official organ of the United States Chamber of Commerce, speak on "Business Is Business."

Mr. Thorpe declared that "business now is a profession that stands on a par with medicine or law and it should be conducted along the same high standards." He spoke of the universities now devoting entire courses to business administration. He made a wonderful appeal for co-operation and education, according to his hearers.

Bobby Bevans Is Host to Party of Friends

Bobby Bevans, whose parents live near the corner of Stanley avenue and Adams street, entertained a group of his friends very happily yesterday afternoon in celebration of his tenth birthday anniversary. The children were entertained with various games.

Very dainty refreshments were served, including ice cream and a pretty birthday cake, lighted with candles. Favors were bonbons and paper caps.

The guests were Robert, William and James Rhodes, James Bobbett, Dorsey Mottern, Pete Oisio, Charles Sawhill, Francis and Ann Elizabeth Wilkinson.

Local Men to Take Shriners' Desert Trip

Nobles of Al Malaikah Shrine of Los Angeles, who are members of the Glendale Shrine club, will comprise a caravan which will journey to Santa Barbara Saturday for the semi-annual ceremonial of the order. They will leave the Chamber of Commerce building at 7:30 o'clock in the morning and arrive at their destination in time for dinner at 12 and the ceremonial will begin at 1:30 o'clock.

George L. Bentley and T. D. Watson of this city and E. J. Jackson of Burbank will be members of the desert sands to Shrineland, it is stated.

Mrs. L. G. Parker On Visit to Hot Springs

"We just felt that we couldn't get along without The Glendale Evening News," declared Mrs. L. G. Parker of 343 West Lomita avenue yesterday afternoon, requesting the forwarding of her paper to Murietta Mineral Springs during her stay there the next two weeks. She is accompanied by Mrs. Ella Grant of Kansas City, who is spending the winter with her, and Mrs. Julia Perkins of 215 West Elk street. They left for their destination this morning by stage from Los Angeles and expect to have a pleasant time.

City Has One Of Lowest Fire Loss Reports in United States; Damage by Flames in Past Nine Months Is Less Than \$4000 Announced

Ralph J. Scott, chief of the Los Angeles fire department, will be the honored guest at a banquet to be served at the Glendale firemen by the city council in recognition for their splendid work in re-equipping the truck which is now used for hook and ladder purposes. At the suggestion of Mayor Spencer Robinson, Chief A. H. Lankford had the pump on the machine dismantled and the necessary changes made.

The dinner will be served next Tuesday night, April 11, in fire station No. 1 and places will be bid for thirty, including the council, department members and guests. It is requested that the city be careful not to have any fires to disturb the firemen between 6 and 10 o'clock that night.

In speaking of the work of the fire department, Chief Lankford this morning called attention to the fact that Glendale with its 7700 homes and business establishments, a population of about 30,000 people, and very little brick or fireproof construction, averages a loss of only \$10,000 a year from demon flames.

In his report for the last fiscal year ending June 30, 1921, only \$8210 in actual fire loss was estimated by Lankford, while since that time, a period of nine months, the loss has been less than \$4000. This is considered a most remarkable record, as the department is efficiently maintained at a total budget estimate of \$25,950.60. Wages take \$19,350 of this amount.

It is said that Glendale has one of the lowest fire loss reports in the United States and insurance rates should be proportionately low, Chief Lankford believes. More on this subject would prove interesting to property owners, but figures are not available as to just what protection and insurance premiums now cost.

Today's World News In Brief (By International News Service to Glendale Evening News)

ATTEMPT TO BE MADE TO CIRCLE WORLD IN AIRPLANE
LONDON, April 6.—The first round-the-world airplane flight will be commenced on April 25 by Ross Smith, well known British aviator, it was announced today.

WIFE OF EGERTON SHORE, STATE OFFICIAL, DIVORCED
LOS ANGELES, April 6.—Mrs. Harriet Ida Shore was free of marital bonds today, Judge Summerfield having granted her a divorce from Egerton Shore, a member of the state board of control.

FATE OF GIRL CHARGED WITH SLAYING NOW WITH JURY
NEW YORK, April 6.—The fate of Olivia M. P. Stone, on trial for the slaying of Ellis G. Kinkead, a corporation counsel of Cincinnati, last August 5, was placed in the hands of a jury in the Brooklyn supreme court today, following a fifty minute charge by Justice Joseph Aspinall.

DEFENSE OF 'FATTY' ARBUCKLE CLOSES ITS CASE
SAN FRANCISCO, April 6.—The third trial of Roscoe "Fatty" Arbuckle for manslaughter got its second wind today. The defense brought its case to a close and the state entered upon its rebuttal case. There were indications today that the rebuttal and sur-rebuttal cases of state and defense would be almost as hard fought as the cases in chief.

WOMAN WITH 'OTHER MAN' IS KILLED BY HUSBAND
BRISTOW, Okla., April 6.—Mrs. M. E. Dobbs was shot and killed by her husband, it is alleged, while in the company of another man in the eastern part of the city early today. Dobbs is an oil-field worker and had lived in Bristow about two months. He gave himself up to the police immediately after the shooting. The Dobbs have a daughter aged 10 and a son aged 15.

TWO FACTIONS OF IRISH TROOPS CONTINUE FIGHTING
DUBLIN, April 6.—Guerrilla warfare has broken out between the dubious faction of the Irish republican army and the troops supporting the Irish free state. Free state troops were ambushed and attacked in County Wicklow early today. The republicans, concealed behind hedges, opened fire upon a troop detachment that was on patrol duty. The free staters sustained no casualties.

THEY PREFER JAIL TO MISSING DANCES AND 'PARTIES'
LOS ANGELES, April 6.—Thirty days in jail or six months during which they must neither attend dances, frequent a cafe nor do numerous other things banned under the probation terms. These are alternatives that today faced pretty 24-year-old Mrs. Frank Mitchell, and 24-year-old Juanita Stevens, and both declared they preferred jail. Mrs. Mitchell and Miss Stevens were arrested near Long Beach a week ago when officers raided their home.

HOPE OF EARLY STRIKE SETTLEMENT NOW ABANDONED
WASHINGTON, April 6.—All hope of effecting an early settlement of the nation-wide coal strike through a "peace meeting" between operators and striking miners, proposed by the house labor committee was definitely abandoned this afternoon. Rejection of the joint conference invitation by a majority of the operators in the central competitive field was announced by Chairman Nolan of the congressional committee. The refusals, he admitted, side-tracked efforts to end the strike "for the present at least."

SECRETARY OF TREASURY MAY RESIGN, IS REPORTED
WASHINGTON, April 6.—An administration family row of such proportions that it may lead to the resignation of Andrew W. Mellon as secretary of the treasury, is in full swing in Washington today. The retirement of the multimillionaire Pittsburgher from the Harding cabinet has been rumored a dozen times in recent months, but the rumors have always proved groundless. Today, however, these reports revived with such persistence as to convince many of his friends and opponents alike that Mr. Mellon's retirement is imminent.

GOVERNOR LEN SMALL TO FACE TRIAL ON APRIL 17
WAUKEGAN, Ill., April 6.—Governor Len Small will face trial for alleged conspiracy to embezzle before Judge C. C. Edwards of Lake county court on Monday, April 17. The date of the trial was agreed upon during the conference held in the court's chambers today at which the defense accepted the plan of Judge Edwards for the selection of a new jury array. This plan embraces the selection of the jury by taking every fourth name on the Lake county polling lists to permit the committee of three to carry out the work of drawing a new jury array.

AUTO BUS SYSTEM AND P. E. FARES ARE DISCUSSED

Glendale Realty Board Shows
Interest In Problems of
Municipal Officials

A spirit of co-operation toward public officials earnestly endeavoring to work for the best interests of the community animated the luncheon yesterday in the banquet room of the Citizens' building of the Glendale Realty board.

"Whatever the city council does for the betterment of Glendale, the board will stand behind it to an individual," declared President Cameron D. Thomas of the board. "That has been one of the outstanding features of the realty board."

Mayor Spencer Robinson was a guest of the board and announcement was made of his application for membership. It was intimated that it would be accepted.

A short talk on the transportation situation was made by C. D. Gulick of 1237 South Central avenue, who explained how he happened to be appointed "bus expert for the city of Glendale."

Sidestepping Charged
The Los Angeles Board of Public Utilities, according to Mr. Gulick, is trying to sidestep the issuance of a bus permit to Glendale.

"The public corporations in Los Angeles are no more honest than they are anywhere else," remarked Mr. Gulick.

"When I first came to Glendale I was attracted by the fact that I could get into Los Angeles in a private car in about eighteen or twenty minutes. I inquired carefully about the fares and was told that I could commute back and forth very cheaply. That was one of the strongest reasons why I decided to locate in Glendale.

"I am of the opinion that the real estate dealers of Glendale should be the most interested persons in the community in anything which may have a tendency to advertise the city as a whole.

"The advertising of putting motor houses into operation would be the cheapest thing Glendale has ever had or will be able to get.

"The electric lines in this country are completely broken down. Seventy per cent of them are in the hands of (Continued on Page 8)

Pastor Anxious to Have This Answered

Are men or women the best church-goers? Rev. E. E. Ford, pastor of the Baptist church, is anxious to find out.

A large number of prominent business men of Glendale attended the special services last night at the Baptist church in recognition of "Men's Night."

Tonight is "Women's Night." Rev. Ford regrets that the proposed addition to the auditorium has not been completed to accommodate the attendance.

The address by Dr. James Holmes, Baptist state evangelist, last night was based upon the Biblical story of Jonah.

"The sermon was very helpful," declared Rev. Ford. A large chorus of men, under the direction of Prof. E. B. Stout, led the song service. Tonight the meeting will be in charge of the women. They will furnish the music and occupy the center seats of the church. Everybody is invited to all the meetings.

"Friday night will be for the young people and parents are urged to bring their children. Next Wednesday night the men will have charge of the service again."

Radio Concert Friday For Patriotic Bodies

One of the most interesting affairs of the week will be the radio concert Friday night at the American Legion hall in honor of the G. A. R., the W. R. C., the Daughters of Veterans and the Sons of Veterans. The local Legion post will be hosts for the affair and a silver offering will be taken. It is one of the several affairs that are bringing these patriotic organizations in closer touch with one another.

Mr. and Mrs. Gordon Are Hosts at Dinner

Mr. and Mrs. Francis Gordon of 234 West Elk Avenue entertained as their guests at a four-course dinner party Tuesday night Mr. and Mrs. Frank Lyttell of Hollywood, Miss Louise Ayala and Stanley Gorman. Decorations of pink and blue were carried out in the favors and centerpieces of larkspur and carnations. After dinner a social evening and music were enjoyed.

NOW IN THEIR NEW HOME

Mr. and Mrs. M. N. Barnes and children, Piny and Lewis, are now happily domiciled in the home they purchased from E. L. Adams at 1255 South Maryland avenue. The Adams family has moved to 701 Meridian avenue, South Pasadena.

RADIO PASSING FAD OR WILL IT BE MORE IN USE?

Investigation Shows Big Sum
of Money Being Invested
in Newest Industry

By GEORGE VAN SANDS,
Radio Editor, The Evening News

Has radio come to us as a permanent modern invention, such as the steamboat, the trolley car, the automobile, the telephone and the telegraph? Or is it simply a passing fad of the American public that will soon die down? The following facts will have a bearing on the question:

Up to a short time ago, the use of radio was confined mostly to radio engineers, and boys of an experimental turn of mind. A few factories, with relatively little money invested, turned out a small amount of equipment. Today, just a few months later, witnesses such an organization as Westinghouse, a name that stands out as a giant among pioneer manufacturers of mechanical inventions, investing enormous sums of money in factories and machinery to turn out radio equipment. Does it look reasonable that an organization with the reputation of this firm would invest money in a passing fancy? And there are many other such well known firms doing the very same thing. Would the United States army receive appropriations from Congress to spend the money on a boy's toy? The Ninth Corps area of the United States army in their report to Secretary of War Weeks already shows a saving of 40 per cent in their commercial telegrams, and work is being rushed on a great many more stations.

Big Money Invested

It is a rather significant fact that none other than the American Telegraph & Telephone Company, owners of the Bell Telephone system, have right now in the course of construction and practically completed, one of the most powerful broadcasting stations in the whole country. This station is located on the top of their twenty-four story building in New York, and the Washington monument overtops this station by only fifty feet. Absolutely no expense has been spared in the erection of this station. Does anyone ever recollect of this company spending any money on a mere passing fancy?

I have received letters from most of the factories, jobbers and wholesalers of radio equipment and they all inform me that during the next twelve months the demand will be ten to one in excess of the available supply. Does this evidence seem to establish the fact that radio will soon be a thing of the past?

Eastside Thimble Club at Mrs. Knight's Home

A very delightful afternoon was spent by the members of the Eastside Thimble Club yesterday afternoon, at the home of Mrs. A. P. Knight, 1291 East California street. The afternoon was spent in sewing, and delicious refreshments were served to the guests.

Those present were Mrs. G. P. Kelly, Mrs. W. McMullin, Mrs. L. W. Sinclair, Miss L. Fitching, Mrs. D. E. Mallet, Mrs. French, Mrs. Holbrook, Mrs. Follensby, Mrs. McCoy, Mrs. W. J. Smith, and the hostess, Mrs. A. P. Knight.

Let your first aim be to serve rather than to get.

SAGE TEA KEEPS YOUR HAIR DARK

When Mixed With Sulphur It Brings
Back Its Beautiful Lustre
at Once

Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks streaked just a few applications of Sage Tea and Sulphur Compound enhances its appearance a hundred-fold.

Don't say gray! Look young! Either prepare the recipe at home or get from any drug store a bottle of "Wyeth's Sage and Sulphur Compound," which is merely the old-time recipe improved by the addition of other ingredients. Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully, besides, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two, its natural color is restored and it becomes thick, glossy and lustrous, and you appear years younger.—Advertisement.

COMPLETES RADIO SET IN TEN MINUTES

It took Herbert Parish, a Milwaukee schoolboy, 16 years of age, just ten minutes to fit up a regular telegraph set that can receive messages the same as a standard made outfit, except at extremely far distances. He is shown in the picture tuning up his cigar box instrument.

NEW APPARATUS AND DEVICES

By RALPH BROWN

RADIO ENGINEER, CUTTING AND WASHINGTON RADIO CORP.

VERNIER ADJUSTERS

With the increased demand for radio receiving sets, new ideas have been developed along the line of securing a finer adjustment of the condenser capacity or variometer inductance.

Many of the later cabinet receivers have vernier adjustments built into them, but there are still a very

large number which have no provision for the extremely fine adjustment sometimes required. A simple device has been recently brought out, which can be attached to any receiving set. It is called the

Q-R Vernier Adjuster.

There is a bracket which supports a sleeve and a shaft which passes through the sleeve. At one end of the shaft is an electrose knob, and at the other a small rubber wheel, both being securely fastened to the shaft. Turning the knob, of course, causes the rubber wheel to be rotated. The device may be screwed to the panel in such a manner that the rubber wheel makes firm contact with the dial of a condenser or variometer, as the case may be. The diameter of the wheel is very much smaller than that of any dials it is likely to be used with. One complete rotation of the wheel will then cause the dial to move only a comparatively small distance. The vernier adjustment effect is thereby secured.

When a cabinet receiver is not shielded body capacity effects are often noticeable when the hands are placed near or removed from the dial knobs. The shaft of the vernier adjuster is long enough to bring the hand some distance away from the dial it is used with, the adjustment being made only, of course, by rotating the electrose knob of the adjuster.

The metal parts of the device are of brass, highly nickel-plated, the whole appearance is very pleasing.

RADIO EXPLAINED

By E. H. LEWIS

INSTRUCTOR NEW YORK Y.M.C.A. RADIO SCHOOL

CURRENT STRENGTH

The flow of water may be expressed in gallons per second, which indicates to us the RATE of flow or the STRENGTH of the current. The term "coulomb" has been given to the unit for quantity of electricity and roughly corresponds to the unit "gallon" in the case of the water. It could be said, then, that the strength or rate of flow of electric current may be expressed in coulombs per second. If one coulomb of electricity flows past any given point in a circuit every second the strength of the current is said to be one "ampere." The ampere is the practical unit of current strength or rate of flow.

If there are three coulombs of electricity flowing past a given point in a circuit each second the current strength is three amperes. At the end of sixty seconds the quantity of current which has passed the point chosen is 180 coulombs (sixty seconds times three coulombs each second). But it must be particularly noted that during the sixty seconds

the current strength remained constant, a value of three amperes equals three coulombs per second. In other words, the current strength is entirely independent of the length of time the electric current flows.

Instead of using the words "current strength" or "rate of flow," it is customary to say that the "current" is so many "amperes." The letter "I" is very often used to indicate electric current strength, especially in equations.

There are subdivisions of an ampere, which find considerable practical use in radio work. One is the "micro-ampere." Micro means one-millionth, so a micro-ampere is one-millionth of an ampere. Another is the "milli-ampere" and the word "milli-ampere" is one-thousandth of an ampere. The current in a radio circuit is quite often only a comparatively few milli-amperes, and, indeed, may be only a few micro-amperes in some cases.

Spanish War Veterans To Select Delegates

The coming state encampment at Monterey May 15, 16 and 17 was one of the principal topics of discussion last night at the regular meeting in American Legion hall of the newly organized local post of United Spanish War Veterans.

The selection of two delegates will be made at the next meeting, which will be held April 19. The three ranking officers will also be expected to attend. These are W. H. Reeves, commander; Dr. William C. Mabry, senior vice commander; and Cameron Thom, junior vice commander.

Why Send Children To School? Discussed

Dr. A. A. Macurda of Los Angeles spoke on "Why We Send Our Children to School" at the meeting yesterday afternoon of the members of the Doran Street Parent-Teacher association, of which Mrs. A. H. Brown is president. Mrs. Hahn was also present and spoke on the Near East Relief.

The program was given by the children of the school and included songs by Dorothy Stiles, Blythe Ringquest, Helen McCormick and Esther Wintersgill, and recitations by Vera Lockwood. Arrangements were made for a cake sale to be held at the school tomorrow. Preceding the meeting refreshments were served, with the courtesy chairman, Mrs. S. Maranville, in charge.

PARTNERSHIP DISSOLUTION

SALE
Corsets—Warner, Frolaser and College Girl at the Ladies' Toggery Shop, 133 South Brand boulevard.
—Adv. 4-3-6t

The physicians of Thibet 1500 years ago employed the same methods of diagnosing the condition of a sick person as the physicians of the present day—they felt the patient's pulse and looked at his tongue.

Questions on Radio and Their Answers

Question—To settle an argument will you please publish through your column what was the smallest amount of electrical current used in transmitting over the greatest distance?—C. M. W., Glendale.

Answer—It is hardly the purpose of this column to settle arguments or bets. However, the following is the latest information on this subject: On December 7, 1921, 50 watts of electrical energy was used in spanning the distance between Greenwich, Conn., and Ardrossan, Scotland. This was done by members of the American Radio Relay League. The distance was approximately 3600 miles. This amount of electrical energy taken in conjunction with a continuous-wave radio transmitter did the trick. For your information would say that the average electric light draws 50 watts.

Question—Have ordered a receiving set and expect to have it installed in my home within the next few weeks. One of my friends will take a trip to the Orient this summer. Will you please tell me if she could get into communication with me while she is on the ship?—L. H. S., Glendale.

Answer—Provided your set can tune to the same wave length as the transmitting set on the ship, which it undoubtedly can, and the operator on the ship would allow your friend to speak in the transmitter, there would be no reason why you could not hear your friend's voice provided the ship was within any reasonable distance from the shore.

Question—My neighbor has a receiving set next door to my home with a tall aerial. Please inform me if I had an aerial erected, would the two aerials conflict in any way?—B. R., Glendale.

Answer—There would be no conflict whatever. However, I would advise that you erect your aerial as far away from the other as is convenient.

Question—Are there any receiving sets made in the so-called vest pocket size. That is, that I could conveniently carry around with me?—G. R. T., Glendale.

Answer—Yes, there are a number that are made by different manufacturers that are no bigger than an ordinary kodak. I have seen one such home-made receiver, which is claimed as the smallest on record, that was no larger than the ordinary matchbox of the so-called safety match type. These small sets are, of course, of the crystal detector type of receiver, so do not expect to get in touch with Japan or Paris with such a receiving set.

Question—I heard a musical concert sent out by the station at a store in Los Angeles last evening and among the different selections were a number of the latest phonograph records. I heard the concert just as plain as I hear my own talking machine. Will not this have a tendency to ruin the talking machine business?—W. H. R., Glendale.

Answer—I hardly think this will injure the talking machine business. You hear the latest records being played by radio, and only hear it played once. It sounds good, and the next day you go down and buy the same record to play on your talking machine, and it is a fact that radio has boosted the sale of talking machine records in just this way.

Question—What cities in California have broadcasting stations?—M. H., Glendale.

Answer—The latest figures we have on this matter show that there are broadcasting stations in the following California cities: Los Angeles, San Francisco, Oakland, San Jose, Los Altos, Sacramento, Stockton, Gridley, Pasadena, Pomona and Hollywood. Do not consider this absolutely authentic, however, as some that were in construction some weeks ago, are undoubtedly finished by this time.

Everywhere they're drinking Fru-Ber-ree, that fruity, winery beverage produced by the makers of Sierra Club products here.—Adv. 4-8

OLD CLOTHES BEING COLLECTED TODAY IN RELIEF WORK

Near East Campaign Leaders
Here Make Plea for All
Kinds of Garments

"The bigger your heart, the bigger your bundle!"
This is today's slogan.

Glendale is observing "Bundle Day" in the Near East relief campaign.

Clothing of all kinds and description from pink pajamas to winter overcoats is being deposited at the various school houses of this district for collection and shipment to the destitute peoples of Bible lands.

The little children are the greatest sufferers, according to Rev. R. W. Mottern, of 211 North Adams street, director of the campaign. He called attention to the fact that many of them have been wearing garments sent to them from America last year and that unless new ones are furnished to them their tatters and shreds will fall completely off during the cold weather.

No fancy garments of any kind are wanted. Members of the local committee have asked that clothing donated should be in good condition, warm and practical.

A bundle station is located at each of the school houses.

Mr. and Mrs. Packer Entertain at Dinner

Mrs. G. A. Blesch of Menominee, Mich., and her sister, Miss Ora Gridley, of Bloomington, Ill., were entertained at dinner Tuesday night by Mr. and Mrs. Stephen C. Packer of 329 Riverdale drive. Mrs. Blesch is planning to leave Saturday for her home. During her visit in Los Angeles, extending over a period of three months, the Packers have had the pleasure of entertaining her a number of times.

Mrs. Blesch has for five years devoted her time and interest to the most successful boys' club that has ever been organized, it is declared. Through her efforts the organization was effected under the auspices of the D. A. R., with Mrs. Besch as first president. The club is managed entirely by the honor system, has grown in membership from twenty to 600 in five years, and has gained a nation-wide reputation as the largest club of the kind as well as the most successful in America. There are no salaries paid as all offices are supplied by volunteers. This has been accomplished in a city with a population of 14,000.

That fruity, winery tang is found only in Fru-Ber-ree, the new Sierra Club beverage de luxe at soda fountains.—Adv. 4-8

A mahogany dresser for \$1

That old dresser—unless in very bad condition—can be made to look like a fine, new piece of mahogany by applying one or two coats of B-H Lustrelac.

B-H Lustrelac imitates natural woods, giving an elastic, durable gloss.

Try it for finishing furniture, interior woodwork and floors.

Eight shades and colorless.

FIRE DESTROYS LANDMARK

SAN MATEO, April 5.—C. J. Lindgren estimated at \$150,000 the loss occasioned when his mansion, a landmark in the millionaire colony at Hillsborough, burned. Society folks turned out to help the fire departments of Burlingame, San Mateo and Hillsborough fight the flames, but their efforts were in vain. Some valuable rugs were all that were saved. The mansion was formerly the Crocker home.

BOY, 16, REMAINED BABY

HUNTINGTON, Mass.—A case unusual in medical annals was brought to light here in the death of Carlton Weatherwax. Although the boy was sixteen years old he never outgrew his babyhood, could never talk nor walk and was confined to his cradle. During the later years of his life the boy's face assumed mannish proportions, but otherwise he was an infant.

The Classes in Motion Picture Acting at the Pearl Keller School of Dramatic Art, 109-A No. Brand Boulevard, Glendale.

—Under the personal direction of Charles A. Taylor, who directed Oliver Morosco's production of the "Halfbreed," are now in full swing, and the first scenes in Mr. Taylor's next production, "OLD LAVENDER'S FAITH" are in active rehearsal.

—Students now enrolling will appear before the camera in these scenes. Lessons are but \$1. The classes are called Monday and Thursday evenings at 7 o'clock for adults, and Saturday afternoon at 4 o'clock for children.

—Those wishing to gain actual experience in the coming production should enroll at once.

—For full particulars phone Pearl Keller School, Glendale 1377.

Locals and Personals

Paul Hutchinson is back in High school again after a week's illness from a tonsil operation.

Mr. and Mrs. F. L. Hollingsworth of 462 Riverdale Drive visited friends in Lankershim yesterday afternoon.

Millard Aldrich is again employed at the Perry Rentrow barber shop, 119 West Broadway. His friends will find him at the fourth chair.

Mr. and Mrs. A. R. McPhail and children, Richard and Mary Jane, of 318 Ivy street, have returned from a week's outing at Ocean Park.

Margaret Meek, little daughter of Mr. and Mrs. H. Meek of 321 East Maple Avenue, is recovering from a light attack of mumps.

Mrs. John Hyde Braly, who has been confined to her bed at her home, 505 North Brand boulevard, by serious illness, is reported improving slowly.

Jack Lundregan of 308 East Maple avenue who has been at home a week recuperating from a cold, left on Wednesday to attend his business interests in the oil fields near Ventura.

Mr. and Mrs. C. B. Andrews of 232 North Maryland avenue, returned Monday from a week-end trip to San Francisco, where they visited relatives. They went north on the S. S. Yale and returned by train.

Miss Regina Townsend, who is attending the Girls' Collegiate School in Los Angeles, is at home this week on her spring vacation. She had as her guest on Tuesday evening, Miss Eleanor Beddell, a student at the same institution.

Mrs. L. C. Blakney, Miss Charlotte Deacon, Miss Lula Drake, Miss Dorothy Cotton and John W. Cotton, were guests of Mrs. John W. Cotton last night at a concert given in Los Angeles by a Lyric club of which Mrs. Cotton is a member.

Mrs. Machin of Gilbert street, who intended leaving for the east for an eight months' stay, has altered her plans and gone to Madero, where she will make an extended visit, and will return to her home here before she makes the journey east.

Samuel Miller of East Windsor Road, who has been in Phoenix, Arizona, for a short time attending to business interests, reports conditions very much improved relative to the depression that resulted from the drop in cotton prices.

Dr. and Mrs. C. L. Marlenee of 301 South Central avenue, accompanied by Mrs. M. Armstrong, motored to San Diego over the week-end to visit at the home of Mr. and Mrs. J. D. Hard. The latter is Mrs. Armstrong's sister.

Miss Celine Moniot and George Myers were dinner guests one evening last week at the home of Mr. and Mrs. D. H. Flanders of 4117 So. Ventura street. The following evening they entertained Sam Reed and Henry Weaver of Anaheim at dinner.

Mrs. Elizabeth Doughty of Garfield avenue, and her son, Charles Doughty, of Seattle, Wash., who is enjoying a visit with her, were entertained at dinner last night by Mr. and Mrs. R. W. Meeker of 1320 East Colorado Boulevard, who are their cousins.

James M. Rhoades, secretary of the Glendale Chamber of Commerce, left this morning at 7 a. m. in company with J. G. Perlin, president of the Power Implement company, to inspect manufacturing plants at Modesto and San Francisco which will be moved here through the latter's efforts.

Jack Booker, son of Mr. and Mrs. F. A. Booker of Verdugo Woodlands, has been ill for several days at his home. Young Booker is president of the Athletic Association at the intermediate school and his absence is felt as the association is staging an afternoon benefit Thursday. Jack very recently recovered from a severe case of pneumonia.

Senator and Mrs. F. L. Palmer, who have been in Glendale for several months, left a few days ago for the east. They expect to make a short stop at St. Louis and one or two other places, while en route to their home in Minneapolis, Minn. The Palmers are greatly pleased with California and especially enthusiastic about Glendale, and plan to return at no distant date.

Ruined By Washing?

Many women's hair has been thinned by shampoos of alkaline soap, acidulous washes, etc.

Rest is stimulating to this type of brittle hair. Extra pieces will provide beauty.

And comfort, too, in the interval of rest.

Locals and Personals

Robert Lindsay of 1621 East Acacia street leaves today for El Centro, where he plans to spend several days with his father, E. M. Lindsay. The trip will be made via automobile.

The Glendale members of the Women's City Club of Los Angeles are looking forward to the meeting of that organization Monday afternoon at 1 o'clock in the Walker theatre building, at which time William G. McAdoo will be the special guest and speaker. Myron Hunt will represent the Allied Architects' association.

Mrs. Ella Hibbs and her daughter, Miss Laura Hibbs, of Philadelphia, Pennsylvania, were dinner guests last night at the home of Mrs. Flora I. Bates of 638 North Kenwood street. The two ladies, who have been friends of Mrs. Bates for several years, are spending several weeks' vacation in Los Angeles.

A very delightful skating party was enjoyed by a group of young people from Glendale and Eagle Rock, at the Alhambra skating rink, on Tuesday night. Those who survived the thrills and bruises of the skate were: Louise Wimmer, Hope Ireland, Lois Schuyler, Luanna McNary, Catherine McNary, Wilbur Johns, Elgin Pierce, Tom McNary, Don Cameron, and George Jordan.

C. Darby, North Valley View road, Casa Verdugo, left Monday for an extended business trip to various cities and towns in Mexico, where he will represent Bishop and Company of Los Angeles. Mr. Darby is the head of the export department of the above named firm. During her husband's absence Mrs. Darby is being visited by Miss Lillian Loftus of Los Angeles. She will remain with Mrs. Darby until the latter part of this week.

A party in two automobiles motored to Santa Monica canyon on Monday, where they enjoyed an all day outing. Those who made the trip were Mr. and Mrs. C. M. Calderwood, Mr. and Mrs. Allen Green, Mrs. N. Hanscom, all of this city, and Miss Grace Hooker and Mrs. Mabel Pope of Boston, Massachusetts. Both Miss Hooker and Mrs. Pope are visiting at the home of Mr. and Mrs. Green at 63 North Kenwood street. Following a bounteous picnic dinner, which was served to the merry-makers on the sand, the party returned home by way of Topanga canyon and Owensmouth.

Cecil B. De Mille's 'Fool's Paradise' Now On T. D. L. Screen

That the art of Cecil B. De Mille, famous Paramount producer, is still in process of expansion, was demonstrated with signal force when his latest production, "Fool's Paradise," was displayed at the T. D. & L. theatre last night. This is a magnificent picture and it may be maintained that it is one of the best he has thus far presented to an admiring motion picture public.

The theme, as handled by Benah Marie Dix and Sada Cowan, and suggested by Leonard Merrick's notable story, "The Laurels and the Lady," is one of absorbing appeal while the production in point of direction, setting and acting is as far above the average motion picture as the tropical sun is different from the Arctic moon. It is a succession of surprises, dramatic moments that grow in intensity as they follow each other on the screen, and the character portrayals are gems of mime and art.

As a gentle reminder Ralph Allan says: "It's your last chance to see one of the screen's greatest offerings. Please come early."

Dr. Jessie A. Russell Is Hostess at Tea

Dr. Jessie A. Russell of 208 South Brand entertained a group of eighteen friends at a tea Tuesday in honor of Mrs. Milton P. Higgins of Worcester, Mass., national president of the Congress of Mothers' and Parent-Teacher associations, and Mrs. David O. Mears of Boston, Mass., national vice-president.

Harry Miller Sells Branch Office Interest

Harry M. Miller, the old established real estate dealer with offices at 114 East Broadway, announces that he has sold his interests in the branch office established at 143 South Brand boulevard to J. E. Barney, who will continue its management.

CLEO WHITLEY AT HOME

Cleo Whitley, son of Mrs. J. C. Whitley, is returning to his home at 109 South Cedar street following an operation at the Glendale Sanitarium Hospital.

Drink Fru-Ber-ree' at all soda fountains. That's the new and delicious Sierra Club beverage with the winery tang.—Adv. 4-8

Glendale, California, April 6, 1922

CITY AGAIN PLEADS FOR PERMIT TO RUN BUS LINE

L. A. Board of Utilities Is Once More 'Considering' Glendale's Application

city of Los Angeles has no right to refuse the permit to use its streets on the ground above stated.

"We are now in what is generally termed and universally known as a motor age. The motor car cannot be eliminated either from private use or from the field of transporting passengers or freight. It is a well known fact that the private owned motor car has caused the breaking down of the electric transportation companies throughout the United States and no one has dared even to suggest that their use be curtailed. This fact gave birth to the use of the motor bus. It has come to stay and is a recognized competitor of the electric lines.

Already in Competition
The motor bus is already in direct competition with the Pacific Electric on almost all of its lines leading out of Los Angeles. A competitive line to Glendale would amount only to adding another competitive bus line. The line would be small as compared to the volume of business transacted by all of many privately owned lines and should not be singled out and suppressed simply because it is necessary that it must enter the city of Los Angeles.

the establishment of a bus line to Glendale is to result directly to the city of Los Angeles, as suggested in the brief of the Pacific Electric, then no further fact need be urged to convince you of its real worth as a means of transportation. The opposition to the granting of the permit is but an effort to postpone the day when such competition shall be recognized without question and to postpone the time when Los Angeles itself will eliminate all surface rail lines from its streets and substitute this more economical, faster, safer and more modern means of transportation.

Fares Rest With City
"We submit that the proposed fares are sufficient to pay all operating expenses and fixed charges in connection with the proposed line and that the history of similar bus lines in other cities shows that such fares are ample for such purpose. Whether such fares are sufficient or insufficient is beside the question for the reason that ample authority resides in the city of Glendale to readjust its rates.

"We respectfully submit that the city of Glendale is entitled to the permit. The application has been pending for a considerable length of time. The people are becoming impatient to know the result of application. We feel that this situation justifies us in asking that your honorable board give the matter your earliest consideration and finally determine the matter by either granting or denying the application."

Philathea Class to Give Benefit Program

The members of the Philathea class of the First Methodist church are planning to give an interesting program at the church tomorrow night. This will include musical numbers and readings as follows: Songs by the glee club of the class, "Stars Brightly Shining," saxophone duet by Miss Arnes Brown and Miss Helen Ingledue, negro lecture, "Apples," by Miss Vera Stolzhauser; songs by the glee club, "Beauteous Night, Oh, Night of Love," and "A Cakeshop Romance," violin solos by Miss Lois Murphy, "The Legend" (Wieneauk) and "Serenade" (Dr. L.) vocal solos by Miss Merle Oliver, "It Is Only a Tiny Garden," and "Song of India," songs by glee club, "Boy of Mine" and "The Lord Is My Shepherd," pianologue, "Soap," by Miss Alice Lookabaugh; class song, "Service for Others," by the Philathea girls. A silver offering will be taken during the program.

W. L. Van Arsdol Has Sold Interest in Firm

W. L. Van Arsdol has disposed of his interests in the Kelly-Van Arsdol realty agency at 104 West Colorado boulevard to W. B. Kelly and the business will continue as at present. As soon as he is able to find a suitable location, Mr. Van Arsdol informs his clients that he will announce it through the columns of The Glendale Evening News.

Mr. and Mrs. Davis To Leave for East

Mr. and Mrs. W. E. Davis of 601 North Louise street will leave on Monday, April 10, for Aurora, Ill., where Mr. Davis will attend to his household vegetable business there. He expects to return to Glendale in June for a short business trip, but will not return permanently until winter.

BIRTHDAY PARTY IS GIVEN

A birthday party was given last night at the Old English Tea Garden on Verdugo road in honor of Mrs. A. Morgan of 1430 East Wilson avenue. A company of fifty friends was present. Games and dancing provided diversion for the evening and a most enjoyable time was had.

Fru-Ber-ree' for the thirst, for punch, for ice cream, for flavoring. It's new and original with the makers of Sierra Club beverages.—Advertisement. 4-8

Memory Prizes to Be Awarded Friday Night, High School

The combination of a very splendid program by Catherine Shank, soprano, assisted by William E. Hallinger, flutist, and Mrs. Hemmon Robinson, accompanist, together with the awarding of prizes to the winners of the recent music memory contest will go toward making the meeting of the Glendale Music club at the high school auditorium tomorrow night at 8 o'clock one of the big events of the year. All of the donors of prizes, judges, music store owners, and all of the children who qualified in the contest will be guests of honor for the evening. As the number of the latter is so large a general invitation has been extended through the newspapers. Members of the Glendale Music club will also be allowed to bring guests.

Mrs. Mattison B. Jones, president of the Glendale Music club, states that thus far all but \$5 has been contributed for the amount necessary for the special prizes and the silver pins engraved with M. M. C. for "Music Memory Contest," which will be given to the winners of the contest. There will also be awarded three special prizes, \$5 to the high school, intermediate school and to the fifth and sixth grades.

Reading Circle Makes Plan for Baby Day

The meeting at the library yesterday of the Mutual Benefit Reading circle was attended by fifty women. Mrs. E. Evans read an article by Dorothy Canfield Fisher on "Aren't You Glad You Are Not Your Grandmother?" The story concerned a series of letters written by a young mother of two generations ago, and furnished some amusement and not a little pathos in the comparison of old-time methods of child training with those in vogue today.

During the afternoon session four chapters were read from the book, "Mother Love in Action" (Prudence Bradish), by Mrs. A. A. Barton, president. The subjects discussed were "Playmates, Training and Breaking Wills, Educational Methods Right at Hand, and Habits." This book, written by a mother who was formerly a kindergarten teacher, is proving to be very interesting and one which stimulates much discussion among the members.

Announcement was made that no meeting will be held next week owing to the school vacation. April 26 will be Circle "Baby Day," at which time a little celebration will be held in honor of the little ones born to Circle mothers. This year six little tots will be honored and welcomed by the Circle members. The review of the next meeting will be an article on "It Is Up to You," and will be given by Mrs. Peniston.

SOCIAL NIGHT IS PLANNED

An invitation has been extended to the public to attend the W. C. T. U. social night to be given at the Harrower Laboratory auditorium, East Broadway and Belmont streets, Monday, April 10, at 8 o'clock. Short, five addresses of public interest will be given. Glendale artists, including Mayor Spencer Robinson, Mr. and Mrs. Harry Girard and Dorothy Wolcott will entertain. Mrs. C. A. Brandstater is chairman of the program committee.

SULPHUR SOOTHES UGLY, ITCHING SKIN

The First Application Makes Skin Cool and Comfortable

If you are suffering from eczema or some other torturing, embarrassing skin trouble you may quickly be rid of it by using Menthosulphur, declares a noted skin specialist.

This sulphur preparation, because of its germ destroying properties, seldom fails to quickly subdue itching, even of fiery eczema. The first application makes the skin cool and comfortable. Rash and blotches are healed right up. Menthosulphur is applied like any pleasant cold cream and is perfectly harmless. You can obtain a small jar from any good druggist.—Advertisement.

"STOPS LAXATIVES—HEALTH REGAINED BY INTERNAL BATHS"

Mr. A. Czarnecki, 657 Montgomery St., San Francisco, Cal., writes Tyrell's Hygienic Inst. of New York as follows:

"I must admit that the cure of the 'J. B. L. Cascade' has cured chronic constipation from which I suffered. Since May 12th, 1913, I have never even tasted any kind of patent medicine or purgative. My health is excellent in every respect."

Over half a million bright, keen, intelligent Americans have found that internal bathing is more essential to their health than external baths.

Have found that used occasionally at night they feel like different people the next morning. No more of that bilious, tired, nervous feeling, but having by nature's own cleanser—antiseptic warm water—removed all the poisonous waste from the lower intestine, they awake thoroughly refreshed by normal sleep, with all their functions acting properly, clear headed, happy, confident, eager and capable for the duties of the day.

ROBERTS & ECHOLS
102 East Broadway

will gladly explain to you the simple operation of the "J. B. L. Cascade," why it is so certain in its results, and will give you free of cost, an interesting little book containing the results of the experiences of Dr. Chas. A. Tyrell of New York, who was a specialist on Intestinal Complaints for 25 years in that city. Why not cut this out as a reminder to get this book as soon as possible. Remember, please, it is free.

LAWRENCE PIN MEN ON TOP OF HEAP IN ELK GAMES

Get Grip on First Place By
Taking 3 Straight From
Bullard Bowlers

STANDING OF THE CLUBS			
Team	Won	Lost	Pct.
Lawrences	10	10	.500
Wattles	16	11	.592
Westes	16	11	.592
Vogels	14	13	.518
Salmacias	11	16	.408
Bullards	7	20	.259

With but one more week of play scheduled in Class B of the local Elks' scratch bowling league, the Lawrences, who have been near the top throughout the ten weeks' season, stepped ahead of their rivals by virtue of their 3 to 0 victory over the Bullards last night and are now within striking distance of first place and its accompanying prizes. Prior to last night's matches they were tied for the lead with the Wattles and the Vogels, each of whom had won fourteen and lost ten contests. In winning three straight tussles from the cellar champion Bullards, the league leaders established a high record for the Class B organization in the total number of pins for a single match, with a mark of 1521. The nearest approach to this total was made by the Westes, who rolled 1432 in their three games with the Vogels.

The Vogel squad, otherwise known as the "go getters" from San Fernando, were placed definitely out of the running by being whitewashed by Jack West's "Bruisers." An excuse which may be offered for their poor showing lies in the fact that "Sure-shot" Rose, who is one of the most consistent performers in the league, was not in the lineup. According to the rules of the organization, the team was forced to take 135 as its average, although he can usually be relied upon to finish in the neighborhood of the 150 mark. The third and most exciting match of the evening's program was that between the Wattles and Salmacias teams, each game being undecided until the last ball had been rolled. After the smoke of battle had cleared away it was found that the "Fono-grafs" were buried under a two to one defeat by the rejuvenated "Pile Closers." So evenly were these two teams matched that one game was decided by a single pin, while another ended with but three pins' difference in the results. The Wattles segregation made a total of 1291 pins for the evening, while their opponents scored 1274.

High individual honors for a single game went to "Charlie" Kausen, lead-off man of the Lawrence team, who bowled 214 in his first game. Other high scores on team tussles were as follows: Wattles, 175; Salmacias, 181; Westes, 188; Bullards, 151. Following is a list of the six teams in their order of total pins for the three games: Lawrence 1521, Westes 1432, Wattles 1291, Salmacias 1274, Bullards 1257, Vogels 1233. The scores:

Lawrences			
Kausen	214	153	157
Lawrence	142	142	181
McGillis	211	177	137
Totals	567	472	482
Bullards			
Service	160	121	104
Garen	115	120	161
Bullard	156	130	149
Totals	471	371	495

The World Over
By FRANKLIN B. MORSE
PACIFIC SPORTS SERVICE

Quantity with very little quality seems to be the trouble with the track and field material which has presented itself to Coach Bill Hayward of the University of Oregon. As far as numbers go, there are more aspirants for track and field honors than ever before. Poor weather conditions also have retarded the work of Hayward. Oregon will enter a team in the University of Washington relay meet to be held at Seattle, April 29.

A number of the smaller colleges of the Pacific West are trying to organize a conference of their own. These institutions figure that they cannot compete with the larger ones. In football they merely become the target for a lot of manhandling with big scores run up against them without any hope of winning a game. Already, such institutions as the University of Arizona, St. Mary's College of Alameda, Cal., Santa Clara University, St. Ignace's College, the University of Nevada and Davis Agricultural college are fostering the idea, which it is hoped will soon materialize.

The idea undoubtedly is a good one. These institutions are evenly matched and the students will get a real enjoyment out of their conference games which they are unable now to do for the reason they know they have no chance of winning the championship from the larger institutions. An otherwise good football record may be barred by some tremendous score rolled up by a major institution, this score more than offsetting the points made on the credit side of the ledger.

The Sport Crucible

By Davis J. Walsh
International News Service Sports Editor

MINERAL WELLS, Texas.—One by one, like leaves from a dead tree, illustrious members of the once proud Cincinnati Reds have drifted away by sale, trade and the dry rot of age until today the team has nothing to commend it beyond the non-essential fact that it is a melting pot of nationalities.

Start an argument on the Cincinnati bench right now and you will be obliged to call an interpreter to settle all bets.

As they stand, the Reds are short on infield defense, capable pitching and a real punch in the batting order. For reasons best known to himself, Garry Herrman, bartered away the left side of his infield, sending Heinie Groh to the Giants, Sam Crane to the Dodgers and Larry Kopf to the Braves. He got no infielders in return.

Moran apparently is shooting the roll on Caveney, brought on from Oakland at a cost of \$40,000, and a few ball players, and Penell, who is supposed to be a total stranger to the vagaries of major league pitching. Penell was up before with the Tigers and White Sox and went back again. He couldn't hit a lick then, but perhaps he has reformed. At any rate, Moran is set to start him at third base.

Caveney is by long odds the better prospect, although he, too, was tried and found wanting before.

The rest of the infield gets by nicely with Sam Bohne at second and Daubert on first. The venerable Jake, however, finds that his legs are not as young as his ambition; therefore, Louis Ponsosa is likely to do a lot of first basing for the Reds this season.

The outfield is the soundest cog in the machine. Herrman made a mess of his infield when he traded Groa to the Giants, but strengthened his outfield immeasurably when he obtained George Barna in return.

Pat Duncan, and Roush, when he signs, will fill the remaining position and participate in a series of events in Paris.

The Davis cup tennis competitions promise to be just as internationally participated in as they were last year, with the final matches and a number of the preliminaries to be played in this country.

Oxford university of England is sending a lacrosse team to this country and the first match is scheduled at Brooklyn, N. Y., on April 29. The opening game will be against the Crescent A. C. of Brooklyn. Twenty-five years ago the Crescent club went to England and defeated the combined Oxford-Cambridge team.

The intercollegiate rowing regatta at Poughkeepsie this year will probably be graced by the appearance of either an Oxford or Cambridge crew this year for the first time.

Some international boxing matches are in the making and while it is doubtful if Champion Jack Dempsey will meet with any foreigners his manager has expressed a desire to go to Europe. On top of this announcement comes word that the old worn out English champion, Joe Beckett, would like to meet Dempsey but prefers to come to this country. Johnny Kilbane, the featherweight champion, leaves for England the latter part of this month and has several matches in view on the other side.

The possible lack of the necessary finances seems to be the only thing that may deter Johnny Weissmuller, the great young swimmer of the Illinois Athletic club from showing his wares on the Pacific Coast and in Honolulu. However, there is a strong desire to see this water marvel in action that the indications are that the necessary expenses will be contributed from several sources. The measure of Weissmuller's greatness is not entirely apparent until one appreciates that he is only seventeen years old. If he doesn't wear himself out, the possibilities for the future seem limitless. It is not likely that such an experienced coach as "Wily" Bill Bachrach will take any chances of overdoing his protege.

In all the history of pugilism there never has been a fighter who has had so many opportunities to win a world's championship, and always failed in the attempt, as has been the case with Charley White, the Chicago lightweight. At least six times he has had a chance for the title and never has he gained it. Although he should have been awarded the decision when he boxed Freddie Welsh 20 rounds at Colorado Springs some years ago, yet the fact remains that had he showed any sort of initiative he could have manhandled his opponent instead of merely outboxing him. Welsh could not have hurt him, yet White never would take the necessary risk or chance to expose himself.

Minister Says Flapper Cause for Next War

NEW YORK.—"The cause of the next war—the flapper—struts up Fifth avenue today and her sister out on Main street apes her."

This was the opinion expressed today by the Rev. Dr. J. Frank Norris, "Texas Tornado," who has come to New York to save the city by a series of revival meetings.

"The flapper will bring about this country's downfall just as surely as Delilah caused Samson's," said Dr. Norris. "Every great war has been traced to the depravity of women and they never were as bad as they are today."

"The modern girl is 100 times worse than the girl of the last century and the country girl is just as bad as her city cousin. Once upon a time country girls were pure, but gasoline spoiled that. We have closed up our red-light districts and put them on rubber tires."

"Women smoking are indecent. The spark from woman's cigaret is going to set off a conflagration that will destroy this country within fifty years."

"Jezabel was the worst woman in the world. The last thing she did before she died was to paint her face and then the dogs ate her."

HAS TO MORTGAGE HOME

LOS ANGELES, April 6.—Having mortgaged her home in Oxnard to pay a \$1000 fine for violation of the Volstead act, Mrs. Mary Nichols, mother of seven children, faced the necessity of providing for her family. The fine was levied by United States District Judge Trippett, who declared at the time that violators of the prohibition law would find scant sympathy in his court.

BETRAYER FOUND GUILTY

BRUSSELS, April 6.—M. Jeannes, betrayer of Edith Cavell, British war nurse, has been found guilty and sentenced to death for his act. Miss Cavell was executed by the Germans during their occupation at Brussels, on the ground she was a spy and revealed secrets to the allies.

Broadway Cafe Has
Built Big Business
in Last Five Months

Five months ago Sam Poulos, who had served for five years as head waiter in Louis Allen's St. Francis cafe, purchased what was known as the Bake-Rite lunch at 121 West Broadway and changed its name to the Broadway Cafe.

A complete cafe service, including fully set tables with their white linens, was initiated, the seating capacity of the establishment increased to 56, in preparation for the phenomenal business which has followed. He is now employing four waiters, three cooks and two kitchen assistants and doing double the business he expected when he opened the doors.

Beginning Saturday night Mr. Poulos will give an all-night service to accommodate his many customers who desire to dine after 9 p. m. This is made possible as a pastry cook and an assistant must work during the early morning hours anyway.

The success of the Broadway Cafe is attributed to the high class of food served at the lowest possible prices and club breakfasts have become a habit with many Glendale business men. A la carte service is maintained throughout the day with luncheon and dinner specials and on Sundays a special chicken dinner is served for one dollar.

These chicken dinners have become regular events in the lives of hundreds who always see to it that there is nothing left by 7 o'clock. It is Mr. Poulos' belief that he is doing as great a volume of business as any restaurant in Glendale and after the night service is started he expects to have more than the most.

Training in the cafe business under such a caterer as Louis Allen has made Mr. Poulos realize that service and quality are essentials to success and he buys only the best of foodstuffs. For those whose business demands speed the Broadway lunch counter will provide them with a complete meal in 18 minutes while those who wish to take their time may take an hour or more at the comfortable tables.

Something Different Is Really Offered by Circus and Animal Show Coming on April 7

This is a picture of the sacred cow of India—the cow, of course, being the figure with four legs. The other is the owner of the cow. Or, perhaps, is just a cowboy taking the sacred thing for an airing. The man is carrying what looks like a tray. Maybe he's going to take the cow to a cafeteria.

It is the new and novel that has gained for Howe's Great London Circus with Van Amburg's trained wild animals the enviable reputation which it enjoys, as will plainly be seen on its appearance here, which is on Friday, April 7, with afternoon and evening performances.

New ideas are launched by the variety of funnily clown as soon as the doors are opened. The grand introductory spectacular pageant is the last word in showmanship and genius: "Cinderella in Jangleland" doubly discounts anything in the display of grandeur heretofore attempted in circus annals.

The musical program rendered during the performance, also for the hour preceding by the marine band, under the efficient directorship of Prof. O. H. Gilson, is alone well worth the admission to all fifty cents.

Charles Fulton offers a rare treat to lovers of the beautiful and intelligent in horse flesh. Mlle. Golda,

with her \$10,000 Arabian dancing horse, heads the list, then comes "Sunburst," "Dark Knight," "Agreement," "Kiddo" and "Dynamite," all superb in their various gaits, cake walks and ball room dances. To see these blue ribbon winners is a revelation.

Pretty women and beautiful horses add grace and beauty; in fact, so numerous are the novelties that it almost staggers comprehension. New ideas are launched by the variety of funnily clown as soon as the doors are opened. AUTO BUS SYSTEM AND P. E. FARES ARE DISCUSSED

Glendale Realty Board Shows Interest In Problems of Municipal Officials

(Continued from Page 1)
receivers or about to go. It is believed that busses will supersede electric lines to a large extent. The whole of the United States has its mind and eye on this problem. If Glendale adopted a bus system, the fact would go into every paper in the United States.

During the open forum discussion which followed, C. B. Guthrie, of 103 1/2 South Brand boulevard spoke several times.

"I don't believe it is going to pay to lay too much stress on high fares," he asserted. "There isn't any doubt but that the Pacific Electric is getting busy with its propaganda. We have got to stop this propaganda of criticism against the city council."

For one, am going to back up Mayor Robinson and members of the city council just as far as it is possible to do."

That the Pacific Electric will wage a terrific battle against the bus line even after it is established was the opinion expressed by Dr. Jessie Russell of 208 South Brand boulevard.

Public Sentiment Wins
E. P. Hayward of Hayward and McCartney, 142 South Brand boulevard, reported that the recent directors' meeting of the California Realty Board had censured the general condemnation of the public utilities corporation and had found that there might be extenuating circumstances involved in their raise of rates.

"If the people are for lower rates and fares, they can get them if they will stick to it," asserted H. C. Yale of Yale Brothers Realty Company, 249 North Brand boulevard. "Public sentiment will win out if it will express itself. Stand behind the city council and let public sentiment express itself through this body."

The "honor and glory" of being a mayor was explained in a humorous vein by Spencer Robinson as soon as his ice cream had disappeared. He said that so many of his old friends in Rock Island, Illinois, had learned of his official position that they had turned his home into a regular hotel. He remarked that so many women telephoned to him in regard to dog licenses and muzzles for their pets that he had been practically obliged to give up the real estate business.

"If a fellow is going to be mayor," he laughed, "he has got to live on love and happiness."

As a prospective member of the Glendale Realty Board, Mr. Robinson was vouched for by H. L. Miller of 109 South Brand boulevard, who called attention in a comical manner to his neighborliness.

Others Attending
Besides those already mentioned, the following were among those present: W. P. MacMullin of Edwards and Wiley, 215 North Brand boulevard; Chalmers Day of Charles B. Guthrie's real estate office, 103 1/2 South Brand boulevard; R. N. Stryker, 217 North Brand boulevard; George Blanchett, 117 South Brand boulevard; Roy King, 106 East California avenue; Mrs. Edith M. Osborne, 210 West Doran street; Mrs. Michel Tight, 410 East Broadway; and L. H. Wilson, 1034 South San Fernando road.

COMMENT THAT'S ALL

Will Women Take a Chance? Newspapers More Valuable Average Family Decreases 1922 Biggest Building Year

By Gil A. Cowan

It is often said that a person standing on the street corner could not give away gold pieces. People are both susceptible and suspicious.

Such psychology was demonstrated in the accidental visit of President Harding to an humble Washington home the other afternoon.

Seems that he got addresses mixed up, while it is easy to do in Washington with similar streets and numbers in northeast, northwest, southwest and southeast parts of the city.

So, when he told 2-year-old Herbert Farmer he was the president and the little lad told his mama, she thought "the kid was fooling," according to Pa Farmer who had quite a friendly chat with the nation's chief executive.

"Women never take a chance," he told correspondents. He doesn't know Glendale women, we'll say.

Discussing the radio, The Publishers' Auxiliary, a leading trade paper published by the Western Newspaper Union, has this to say:

"Radio is here to stay, and instead of superseding the newspaper, may become a great assistance in gathering news and facts from out-of-the-way places and at a great saving in expense. We think, though, that radio will have some definite things to do which even a newspaper never has yet done, like ticking off the government time to the whole country every day at 10 a. m."

"There are some humorous developments in connection with the present broadcasting of concerts every evening from central stations. Song composers have complained that their songs are sung to audiences of thousands and they receive no royalty and therefore before long the song-writing business will be a thing of the past because everybody can hear all the songs they want on the radio telephone. In fact, it is the best advertising a song could have to be sung in a radio concert, and if the song is good, it will be bought in sheet music, phonograph records, player rolls and in every form. Just as the sale of musical numbers is stimulated by musical shows, popular concerts, movie orchestras and the like. Everything that is broadcasted during an evening program, if meritorious, will likely be sought in some permanent form, whether news of the day, humor, lectures, music, or anything worth repeating. And to supply that enlarged demand the newspaper and magazine and other permanent forms will be sought."

"At this time there seems to be no need for alarm on the part of newspapers that radio is going to put them out of business. On the contrary, every temporary means of spreading bits of information will be an aid to the purveyors of every form of permanent information, and the newspaper is becoming more and more valuable in that class from year to year."

"Newspapers, then, may very well welcome the radio as a part of the life of the country, and even help to develop interest in it and knowledge of it; for what is of immediate interest to a great proportion of the people is what a newspaper must provide for them, especially if clean and constructive."

For years the country has accepted the theory that the average family consists of five people. This is a fallacy, according to the Railway Age. According to census returns there are only 4.3 in each family and in Glendale, electric light meter reports conclusively demonstrate that only 3.25 are served by each. Allowing that a small percentage of these meters are used in commercial and industrial establishments, there still will be an average of less than 3.50 in each family here.

All signs point to 1922 as a big year for home builders, according to Department of Commerce. Before the year is out the United States will have begun to reduce its housing shortage of about one million homes.

Measured in floor space, the average contracts awarded during the past three months stand well above the 1921 average and very close to the high year of 1919. With such a start the year 1922 could easily rank ahead of any year since the beginning of the war, the report continues.

Residential buildings have accounted for 47 per cent, or nearly half of all new construction during the past three months, whereas during the years 1919 to 1921 residential construction was only 31 per cent, or less than one-third of the total. Homebuilders are having first call on the resources of the construction industry.

This assures permanence to the revival of the lumbering industry in the west.

Holy Name Society Holds Session Tonight

The Holy Name Society will hold its regular monthly meeting tonight in the vestry of Holy Family Church. Reverence for God and the use of clean speech are ideals of this organization which have over a million members in the United States. George McLoughlin of 443 West Wilson avenue is the president of the Glendale branch. Charles N. Cordary of 404 West Milford street is vice president and Frank Dunn of 704 North Maryland avenue is secretary. A large attendance is expected by Rev. James S. O'Neill.

Fru-Ber-ree—it's new, it's good, it's a Sierra Club beverage at all soda fountains. Be sure and try it. Adv.

MONTE VISTA HOME PROVES POPULAR FOR CHILDREN

More Than 300 Young Folk at Vacation Lodge During Its Brief Activity

Monte Vista lodge, a vacation camp for children, occupying the forty-five room hotel at Sunland, and operated by the Council of Community Service of California, 215 Coulter building, Los Angeles, is attracting, it is declared, the interest of philanthropists and welfare workers throughout southern California and also in adjoining states because of the nature of its work and because of the community movement which has made this philanthropy possible. Mrs. R. W. Mosker was chairman of the group of Glendale women who looked after the remodeling and furnishing of the kitchen, one of the largest undertakings in preparing this lodge for a vacation home and also a place for the undernourished children of Los Angeles county.

The lodge is about to enter upon the second year of its activity. During this period it has housed more than 300 children, including convalescent, undernourished, orphan and other children who have been in need of an emergency home. Conducted after the manner of a modern hotel, the lodge provides the children with baths and dining room privileges and playground facilities, such as make the place unique.

Scientific Menus
Menus are provided under the general supervision of the Domestic Science Department of the University of California.

Children are placed in the lodge through applications made to the executive office of the Council of Community Service of California. Parents or guardians pay the child the lodge, according to their financial ability.

The annual report of the council, which has just been released, includes the following:

Financial Statement
Monte Vista Lodge, property and equipment, \$40,000.00
Monte Vista Lodge, maintenance, 7,231.54
Monte Vista Lodge, annual payment, 1,350.00

Children are admitted to the Monte Vista Lodge from practically every county in southern California and a few from Arizona, and the lodge, which was furnished and equipped by philanthropic individuals, clubs and organizations, is maintained by contributions from philanthropic individuals and organizations throughout the southland.

'Theodora' Picture Is Gorgeous Spectacle at Glendale Theatre

When Victorien Sardou wrote "Theodora" for Sarah Bernhardt he never dreamed that by means of a new form of dramatic presentation his play would be amplified into the most gorgeous spectacle ever shown in a theatre.

That is just what happened in the Glendale Theatre last night when Goldwyn presented the new film "Theodora."

The story of the circus girl who became a facial actress, a courtesan and finally, by her marriage to Justinian, became empress of Rome, lends itself to the amplified exposition of the screen.

All these opportunities have been grasped in the film, which takes on the proportions of a gigantic pageant. Here is a Byzantium brought to life again in all its florid beauty. The mere dimensions of the screen are forgotten as an entire city lies stretched before the spectator, its marbles glinting in the sunshine.

The great games in the Hippodrome are shown in their entirety, with hordes of spectators clambering down into the arena and clambering back again as wild beasts released from the cages by a whim of a mad empress, surge out upon them.

This scene eclipses any animal scene ever shown on the screen. The lions actually ascend the walls of the arena and pursue the fleeing crowds. And this is only one episode of many. You must see it to appreciate the greatness of this film.

No man is a success who has not happiness in his heart.

Gas Around Your Heart?

Don't delay! Go right over to the nearest drug store and get a package of the famous Baalman's Gas Tablets. Take them as directed and feel the immediate beneficial results. Not only will you be surprised, but you will feel grateful for the remarkable relief given. You will sleep better—you will breathe easier—your nervousness will disappear—and, best of all, your excitable heart will be calmed in a safe, natural way.

Ask for Baalman's Gas Tablets in the yellow package—price one dollar. For sale by Roberts & Echols and other reliable druggists. J. Baalman, Chemist, San Francisco. Advertisement.
